Commercials 1st AD

2003-2021 Although starting in drama, I've extensively worked in commercials my entire career. Average between 30-40 commercials per year. Ranging anywhere from 1 to 10 day shoots. I've worked for many of the top production companies over the years (Baby Lemonade, Plaza, Rabbit, Collider, Rotor, Finch, Fiction, Exit, Guilty to name a few), on big campaigns (Ferrari, Toyota, Lexus, Mercedes, Nike, McDonalds, Sportsbet, and many, many more). Ive done all the car commercials and I am up to date with current rules and regulations with regards to car shoots.

I've been lucky enough to work with fantastic directs, the best in their field. I've removed 15 pages of commercial credits. If you require any further details. Please don't hesitate to call.
