

STEFAN JOSÉ

Stefan José is an Award Winning Cinematographer, Water Cinematographer, Director, Filmmaker and visual storyteller. Stefan has a Diploma in Film Production and a Bachelor'd Degree in Audio Engineering. Stefan's work extends across, commercial, short film documentary, narrative, fashion, lifestyle, music, travel, surf/water and extreme sports productions. Stefan has a unique style and approach to storytelling, and this signature style is infused in all aspects of his work. Stories are shared as a means of entertainment, education, personal narrative, political commentary and cultural preservation. When the story of a film is crafted well, the elements combine to successfully spin a tale, taking the audience on an emotional journey. Stefan's awareness and sensitivity around storytelling through the direction, shot selection, composition and camera movement results in a uniquely moving cinematic experience.
