I have been working in the industry since 2006. I started as a Unit Assistant then Runner and Agency Driver to fill in the gaps. I also have experience 2nd and 3rd Assistant Directing. My van has been used to drive Directors, Producers, Clients, Agency and Talent, in addition to being used as a follow vehicle. The van can also be set up as a mobile production office with its pop-up table and power inverter for a laptop and printer, or as a mobile green room for talent on location.

## Vehicle information

- VW Multivan 2017 - DMY76J - 7 Seats (6 Passengers) and pop-up table
