Hi there, my name's Tom Salvesen,
also known as **Salvo** or **Gucci** by my work mates. I'm 34 years old from the south coast, currently living in **Sydney**. I've worked on TV & film sets for over 7 years. The biggest thing's I've worked on being **Mad Max - Furiosa** and **The Fall Guy** with AJK grips. I have a strong eye for colour, detail, and lighting, after working full-time as a graphic designer, and photographer for Volcom Australia. I look forward to working together soon! *Thanks*
